## HE 'AWA'AWA MAKE KE CARBON MONOXIDE (CO)

HIKI KE  
'IKE 'IA

'A'OHE  
'ALA

'A'OHE  
LOHE 'IA

HIKI KE  
KĀOHI 'IA

He ea 'a'ohē 'ala, 'a'ohē kala ke carbon monoxide (CO) e make hikiwawe ai ke kanaka. Make nā kānaka he nui lehulehu nō i kēlā kēia makahiki, a nui lehulehu nō ka po'e loa'a i ka ma'i. Pulelo kēia ea make mai loko mai o nā pono hale he nui loa nō, 'o ke kapuahi 'aila, ka mīkini hana uila lawe lima, a me ke kapuahi lānahu nō kekahi. He palekana nō ka 'ohana ke hana 'oe penei.

### KA MĪKINI NĀNĀ CO

- E ho'opa'a i ka mīkini nānā CO 'ā i ka iho ma kahi e hiamoe ai nā kānaka o loko o kou home.
- E nānā pinepine i nā mīkini nānā CO e ho'omaopopo ai i ka hana pono.

### KE KAPUAHI 'AILA A EA PAHA

- E maka loi 'ia kōu kapuahi i kēlā kēia makahiki.

### KA MĪKINI HANA UILA LAWE LIMA

- Mai ho'ohana i ka mīkini hana uila ma loko nō o ka hale a hale ka'a paha, oia mau inā hāmama ka puka.
- E ho'ohana i ka mīkini hana uila ma waho wale nō, 'oi aku ka mamao i ka 20 kapua'i mai ka hale a me ka pukaaniani aku.
