- Provides a centralized system for grantees, program offices, and grants and financial staff
- Standardizes processes across the agency for improved efficiency
- Allows faster notification for grants actions and awards

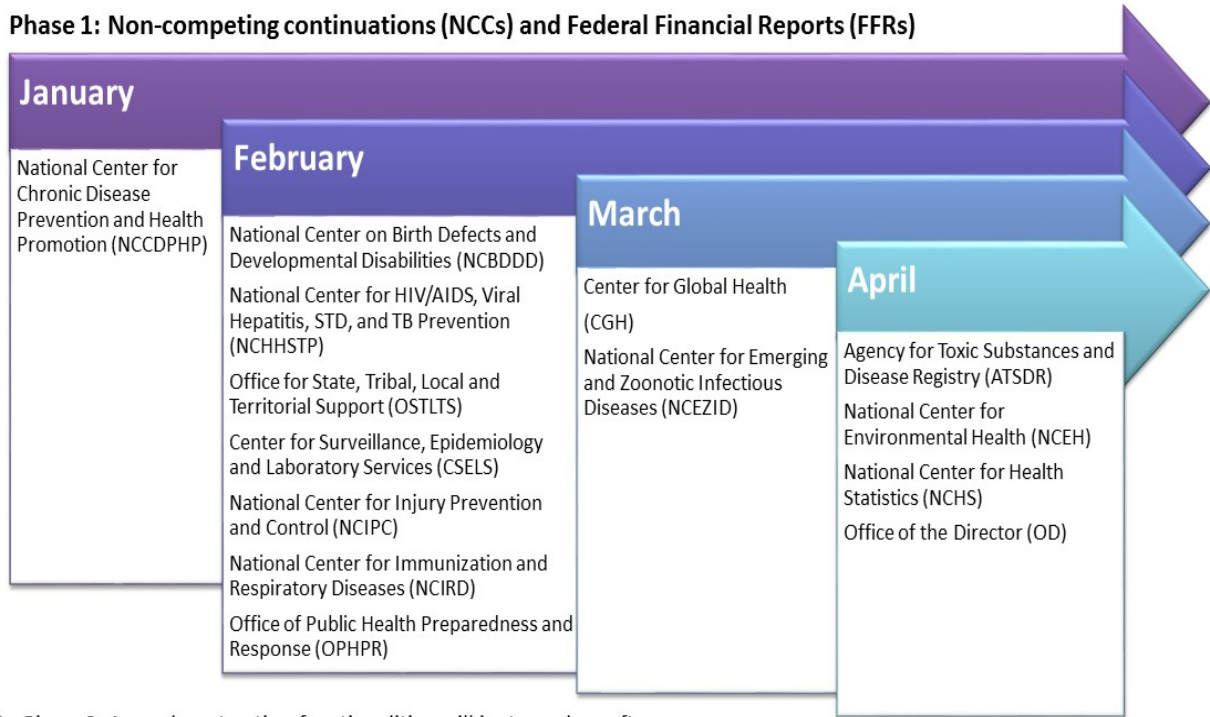

# CDC and GrantSolutions

- CDC staff are using GrantSolutions internally
- Internal transition started in May 2015 and ended in June 2016
- Grantee integration schedule was determined by non-competing continuation due dates
- Functionality access was determined by internal governance group

# Non-research Grantee Integration Overview

# GrantSolutions Grantee Integration 2017

## Phase 1: Non-competing continuations (NCCs) and Federal Financial Reports (FFRs)

Phase 2: Amendment action functionalities will be turned on after a successful rollout of NCCs and FFRs to all non-research grantees.

## Non-research Grantee Functionalities

- You will do these actions in GMM:
  - Phase 1: Enter non-competing continuation information and Federal Financial Report data (January – April 2017)
  - Phase 2: Submit amendment requests (tentative start in May)
- Actions are simple and forms are familiar
- There is nothing CDC-specific, these are standard GrantSolutions templates and actions used by many other federal agencies

# User Accounts

IF	THEN
<p>Your name is listed on the official Notice of Award <u>but</u> you have never used the GrantSolutions Grants Management Module (Authorizing Official and PI/PD)</p>	<p>You will receive 2 automated emails from the GrantSolutions Center of Excellence (COE) when your first CIO* opens access in GMM. One will contain your log in and the other a temporary password. You will automatically receive access to your other CDC grants as the rollout happens but will not receive an additional email from COE.</p> <p>We will communicate with you as each new CIO opens access. You will get an email from us when you receive access to grants from additional CIOs, if you have grants in more than one CIO.</p>

\*CIO = Center, Institute, or Office

# User Accounts

**IF**

**THEN**

Your name is listed on the official Notice of Award and you have an existing account in the GrantSolutions Grants Management Module. You might be using GMM for a grant with another agency.

(Authorizing Official and PI/PD)

You will not receive any official notification from the GrantSolutions Center of Excellence. Your CDC grants will automatically appear in your 'My Grants' section within GMM as the CIO rollout happens.

We will email you just prior to each cycle to let you know when your grants will be available in the system.

You do not have to take any action.

# User Accounts

IF	THEN
<p>Your name is not listed on the official Notice of Award but you would like access and <u>do not</u> already have a GMM account</p>	<p>You need to fill out a <u>new user access form</u> and follow the directions in the document. You will receive two automated emails from the GrantSolutions Center of Excellence after the Grants Management Specialist for your grant approves the account. Your access will still follow the <u>integration schedule</u>.</p> <p>This process primarily applies to people who want a Grantee Financial Official role.</p>

# User Accounts

**IF**

**THEN**

Your name is not listed on the official CDC/ATSDR Notice of Award but you already have a GMM account, perhaps for another federal grant

You need to contact the grants management specialist listed on your Notice of Award and ask to be assigned to your CDC/ATSDR grant. Your access will still follow the integration schedule. This process primarily applies to people who want a Grantee Financial Official role.
