Date for which responses are reported: 12/9/2020

Data should be reported only on Wednesday of each week by 3 PM EST

Outpatient Dialysis COVID-19 Data

Facility Operational Information

For the following questions, please collect data at the same time (for example, 7 AM)

83053 Facility ID

CMS Certification Number (CCN)

Susan's Test Facility Dialysis Facility Name

125 \*In-center Patient Census

29 \*Home Patient Census

35 \*Total Certified Stations

\*Isolation Stations Included in Total Certified Stations

\*Is your facility a designated COVID unit?

\*Does your facility have designated COVID shifts?

How many patients on the current in-center census reside in nursing homes?

How many patients on the current home census reside in nursing homes?

SARS-CoV-2 Positive (+) Patients and Staff

For the following questions, report data on the same day each week at least once a week. For questions requiring counts, include only **new data** since the last date the counts were collected for reporting in the NHSN Module.

\*Number of newly confirmed in-center patients since last reporting

\*Number of newly confirmed in-center patients since last reporting that reside in nursing homes

\*Number of newly confirmed patients since last reporting that are home patients

\*Number of newly confirmed staff since last reporting

Data should reflect the incidence in each facility the previous week. Data is not reported cumulative but reflects what is occurring in your clinic the previous week. For census, only report each patient once during the
