

## Purpose of Document:

The purpose of this guidance document is to assist long-term care facilities (LTCFs) with re-assigning the NHSN Facility Administrator in the CDC’s National Healthcare Safety Network’s (NHSN’s) LTCF COVID-19 MODULE. This will help prevent loss of NHSN access in the event of staff turnover.

**NHSN Facility Administrator Will Be Leaving Soon** - If your facility still has an NHSN Facility Administrator that is soon leaving the facility, please ensure that this role is reassigned to another user within the facility. As an alternative, at least one user should be assigned “**ALL Rights**”, so that weekly reporting is not jeopardized.

## Reassigning the NHSN Facility Administrator Role

- From the left navigation bar, you will select *Facility > Facility Info*.

- From the *Edit Facility Information* screen, go to the *Contact Information* sections.

- Find “Facility Administrator” on the list and click the “reassign” button on the far right of the screen. You will be asked to find and select an existing user who will be reassigned this role.
