

NHSN Facility Enrollment

New to NHSN?

Guided Steps to Enroll Your Facility

Audience

- Users who need to enroll a facility into NHSN
- Users who need to enroll additional facilities

Learning Objectives

By the end of this learning event, you will be able to:

- Successfully enroll a facility or multiple facilities into NHSN
- Know the SAMS process in relation to NHSN enrollment

Key Personnel Roles

Facility Administrator- the person enrolling the facility in NHSN

NOTE: The NHSN Facility Administrator does not have to be the Office Administrator within the physical facility.

The Facility Administrator:

- Manages users and user rights
- Manages locations and patients
- Can add, edit & delete facility data
- Authority to nominate groups (data sharing arrangements)

NOTE: Only the Facility Administrator can reassign their role to another user

Key Personnel Roles (cont.)

NHSN User

- User Rights are determined by Facility Administrator
 - View data
 - Data entry
 - Data analysis
- May be given Administrative Rights that allow you to:
 - Add locations
 - Add surgeons
 - Add other users
- One person may hold multiple roles

Step 2 – Complete NHSN Registration

On NHSN Enrollment page, located at <https://www.cdc.gov/nhsn/enrollment>,

The **Select a Facility Type to Enroll** section, contains the enrollment process for each facility type.

Click **your facility type** button to begin the 5-Step process.

The screenshot displays the NHSN enrollment interface. At the top, it says 'New to NHSN? Enroll Facility Here.' Below this is a 'Select Your Facility Type' section with two buttons: 'FAQs About Enrollment' (with a question mark icon) and 'Change NHSN Facility Admin' (with a person and document icon). The 'Change NHSN Facility Admin' button includes the text 'Submit request form to change facility administrator.' Below this is a dark green header for the 'Select a Facility Type to Enroll' section. This section contains eight buttons arranged in a 4x2 grid, each with a title and a brief description. The buttons are: 'Acute Care Hospitals / Facilities' (with subtext: 'Acute care or other short-term stay facilities (critical access facilities, oncology facilities, military/VA facilities)'), 'Long-term Care Facilities' (with subtext: 'Nursing homes, assisted living and residential care, chronic care facilities and skilled nursing facilities'), 'Ambulatory Surgery Centers' (with subtext: 'Outpatient Surgery Centers'), 'Long-term Acute Care Facilities', 'Inpatient Psychiatric Facilities', 'Inpatient Rehabilitation Facilities', 'Outpatient Dialysis Facilities', and 'Home Dialysis Facilities' (with subtext: 'Home Dialysis and Peritoneal Dialysis Facilities'). A red rectangular border highlights the entire grid of facility type buttons.

Step 2 – Complete NHSN Registration

Step 1 includes the NHSN Facility Administrator (FA) Enrollment Guide along with additional FA resources.

The screenshot shows the NHSN website interface. The breadcrumb trail at the top reads "CDC > NHSN Home > Enroll Facility Here". The left sidebar contains a navigation menu with the following items: "NHSN Home", "NHSN Login", "About NHSN", "Enroll Facility Here" (highlighted), "Acute Care Hospitals/Facilities" (highlighted), "Set-up", "Ambulatory Surgery Centers", "Blood Safety Surveillance", "Long-term Acute Care Facilities", "Inpatient Rehabilitation Facilities", and "Inpatient Psychiatric". The main content area is titled "5-Step Enrollment for Acute Care Hospitals/Facilities". Below the title is a "Note" stating: "Once your facility is enrolled in NHSN, you can add additional reporting options using your monthly reporting plan or activating a new component within the NHSN application. You do not need to re-enroll for each type of event reported." A green banner indicates "Step 1: Training and Preparation". Below this banner is a section with a photo of two healthcare professionals and a list of links: "Read NHSN Facility Administrator Enrollment Guide March 2018. [PDF - 797K]", "Complete the 57.103 Patient Safety Component - Annual Facility Survey form. [PDF - 92K]", and "Table of Instructions for Patient Safety Component - Annual Hospital Survey 57.103. [PDF - 412K]". A note below the links says "Be sure to check trusted websites and spam blockers." At the bottom of the section, it states "Time to complete step 1: 2 hours, 45 minutes".

Step 2 – Complete NHSN Registration

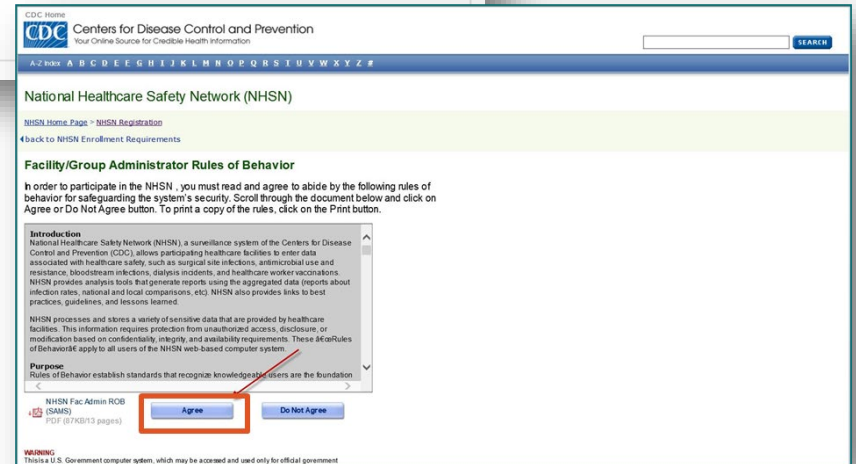

Step 2 Register and agree to the Rules of Behavior. Click **Rules of Behavior** link to access.

Step 2: Register

Agree to [Rules of Behavior](#) and register facility with NHSN using CMS Certification Number (CCN) or CDC assigned enrollment ID.

Time to complete step 2: 10 minutes

The screenshot shows the CDC Home page for the National Healthcare Safety Network (NHSN). The page title is "National Healthcare Safety Network (NHSN)". Below the title, there are navigation links: "NHSN Home Page" and "NHSN Registration". A link "back to NHSN Enrollment Requirements" is also present. The main heading is "Facility/Group Administrator Rules of Behavior". The text below this heading states: "In order to participate in the NHSN, you must read and agree to abide by the following rules of behavior for safeguarding the system's security. Scroll through the document below and click on Agree or Do Not Agree button. To print a copy of the rules, click on the Print button." There is a scrollable text area containing the "Introduction" and "Purpose" sections of the Rules of Behavior. The "Introduction" section describes the NHSN as a surveillance system of the CDC that allows participating healthcare facilities to enter data associated with healthcare safety, such as surgical site infections, antimicrobial use and resistance, bloodstream infections, dialysis incidents, and healthcare worker vaccinations. The "Purpose" section states that the Rules of Behavior establish standards that recognize knowledgeable users are the foundation. At the bottom of the page, there are two buttons: "Agree" and "Do Not Agree". The "Agree" button is highlighted with a red box. There is also a "WARNING" section at the bottom of the page, which states: "This is a U.S. Government computer system, which may be accessed and used only for official government purposes."

Step 2 – Complete NHSN Registration cont.

Facility Administrator completes this form:

- You must use the same email address for all enrollment steps
- Please ensure that you enter your email address correctly, as all subsequent emails will come to this address
- If your Facility Identifier does not validate, you can request a CDC Registration ID by emailing nhsn@cdc.gov
- Click **Submit** button once it is complete

Step 2 – Complete NHSN Registration cont.

Following successful registration, you will immediately receive a “Welcome to NHSN” email and an Invitation to Register with SAMS (step 3)

Hello

You have been invited to register with the U.S. CDC's Secure Access Management Service (SAMS). Registration with SAMS will allow you to access selected CDC Extranet applications specifically designed and implemented for the Public Health community. A registration account has already been created for you. A link to this account and a temporary password word are provided below. This invitation is valid for 30 days.

Should you have questions with the SAMS registration process, please contact our Help Desk for assistance.

Thank you,

The SAMS Team

SAMS basic registration process includes the following steps:

1. **Online Registration** - Follow the link below and use the included temporary password to log into SAMS' user registration pages. During registration, you will be asked to supply some basic information about yourself. This information will help CDC Program Administrators provide you with the application access most appropriate for your role in Public Health. You will also choose your personal SAMS password to help keep your account private and secure.
2. **Identity Verification** - Once you complete your online registration, you will receive an email with instructions for completing Identity Verification. In order to provide individuals with access to non-public information, U.S. law requires that the identity of potential users is first verified - this step is critical in helping to protect people's private data and in helping to prevent information misuse. Please be assured that CDC and its Programs have made every effort to keep this necessary process as simple and non-intrusive as possible. Also be assured that your registration materials will only be used to help determine your suitability for information access and that these materials will not be shared outside of CDC programs.
3. **Access Approval** - Once your Identity Verification is complete, CDC Program Administrators will determine the access level most appropriate for your role and will activate your SAMS account. SAMS will send you an account activation email with a link to the SAMS portal page where you can begin using your extranet applications.

To register with SAMS, please click the following link or cut and paste it into your browser:

<https://sams.cdc.gov/idm/SAMS/ca/index.jsp?task taz=SAMSRegistration>

When prompted, please enter:

- Your Username:
- Temporary Password:

and click the Login button.

***Note: In order to access SAMS, your browser must be configured to use TLS 1.0 encryption. If your computer is not configured for TLS, or if you are unsure, please contact your local IT System Administrator for assistance.

Step 1

- Enrollment Preparation

Step 2

- Complete NHSN Registration
- Receive "Welcome to NHSN" email

Step 3

- Secure Access Management Registration (SAMS)
- Provide Identity Proofing Documentation

Step 4

- Submit Enrollment Forms Electronically
- Receive "NHSN Facility Enrollment Submitted" email

Step 5

- Sign and Send Consent Form
- Receive "NHSN Enrollment Approved" email

Step 3 – Secure Access Management (SAMS) Registration

Step 3b: Complete and Submit Identity Proofing Verification

From the 'Identity Verification Request' email, print the Identity Verification Form, complete it, and take it to a notary public for endorsement. Fax the form and supporting documentation to CDC. You will receive 'SAMS Account Activation' and 'SAMS Activity Authorization' emails when your access is approved.

To access SAMS, you must receive your SAMS grid card, which will be delivered to your home address via U.S. mail within 14-21 days of your SAMS approval email. If you do not receive your grid card within 21 days, please contact samshelp@cdc.gov for assistance.

Time to complete step 3b: 35 minutes

Step 3 – Secure Access Management (SAMS) Registration

- ❑ SAMS provides secure online access which allows exchange of information between CDC and Public Health Partners.
- ❑ You will receive an invitation to register with SAMS, which provides instructions for registration, and identity verification in order to obtain access to CDC applications, including NHSN.
- ❑ During registration you will set a password which expires every 60 days.
- ❑ You will also have the option to choose either a mobile soft token or a hard token (Grid card), which adds an additional level of security when logging into the NHSN application.

NOTE: Please remember to notate the answers to your security questions in the event that you need to reset your password.

Step 3 –SAMS Registration cont.

Step 3 –SAMS Registration cont.

Carefully follow the instructions in the email to ensure the enrollment process is not delayed.

Hello New NHSN User,

Thank you for registering with CDC's SAMS. Your registration information has been received. Your next step is to verify your identity through a process called "identity proofing".

SAMS supports two options to identity proof. Please review each option below and select what works best for you.

OPTION 1 - Experian Precise ID Check (preferred method)

Using a secure interface, you will provide Experian your social security number (SSN) and Date-Of-Birth (DOB). This information is sent directly to Experian and NOT stored by SAMS or CDC. Experian will validate this information and may ask you a series of questions derived from details contained in your credit report. This option will not impact your credit score or credit worthiness.

This process takes less than a minute and is the fastest way to complete the SAMS identity proofing process. If Experian is unable to validate your identity, you can still complete the identity verification process using Option 2.

To initiate the Experian Precise ID check select the link below and log into SAMS using the 'SAMS Credentials' option You will login using your SAMS username (email address) and recently established password.

<https://sams.cdc.gov/samsidproofing/idusers/edit/4743>

Note: Using Experian will not impact your credit score nor credit worthiness.

Step 3 –SAMS Registration cont.

- ❑ Once your identity has been verified, you will receive confirmation of approval for SAMS access.
- ❑ The **first option** is a soft token that requires the installation of an Entrust Authenticator application on your phone, tablet, or computer.
- ❑ The **second option** is a hard token which is a physical entrust Grid card mailed to your home address.

Note: The option to log in using only your username and password provides Level 2 security access. In order to gain Level 3 access, which is necessary for NHSN use, you must use your secondary authentication token.

Step 4 – Access/Complete NHSN Enrollment Forms

After logging into SAMS using your soft token or grid card, click on NHSN Enrollment.

Step 4 –Access/Complete Enrollment Forms cont.

- ❑ While completing facility enrollment forms, please keep in mind that the person you list as the NHSN Facility Administrator, should be the same individual who has completed the previous enrollment steps (which includes SAMS registration).
- ❑ During the enrollment process, facilities open prior to the current calendar year should select the option “Yes, Operational in the Prior Calendar Year”.
- ❑ The NHSN Facility Administrator is not to be confused with the facility’s office administrator, CEO, COO, etc. This should be the person responsible for managing the NHSN facility.

Step 4 –Access/Complete Enrollment Forms cont.

- ❑ After accessing, printing and completing required enrollment forms, select “Enroll a facility”
- ❑ Complete Enrollment Step 4 in one session!

NOTE: You **cannot** save work in progress

The screenshot displays the NHSN (National Healthcare Safety Network) interface for enrolling a facility. At the top, the CDC logo and text "Centers for Disease Control and Prevention CDC 24/7.
