

Hemolysis Reference Palette

(front)

DIY palette instructions:

1. Print the palette from a color printer. Be sure to mark "Print on Both Sides."
2. Cut out the palette with scissors by cutting along the dotted line.
3. Laminate the palette.
4. Place palette(s) around the laboratory for easy access.
 - Glue a magnet on the back, or
 - Punch a hole at the top and hang from a hook.

Hemolysis Reference Palette

(back)

DIY palette instructions:

1. Print the palette from a color printer. Be sure to mark "Print on Both Sides."
2. Cut out the palette with scissors by cutting along the dotted line.
3. Laminate the palette.
4. Place palette(s) around the laboratory for easy access.
 - Glue a magnet on the back, or
 - Punch a hole at the top and hang from a hook.
